*****IMPORTANT*****

There may be a limit as to how much overall financial aid internship payments you can receive, based on what other financial aid packages you were awarded during the fiscal year. We urge you to discuss this with your financial aid office to make sure you don't exceed your maximum limits.

How Your Payment Works

The HMS internship will pay at \$20 per hour in the form of financial aid scholarship awards, lasting the duration of the quarter. At the end of the month, when all hours have been posted on Canvas (from your ITRN class) via uploading the time sheet, hours will be submitted to Financial Aid. Once financial aid processes the hours, you'll receive an email from BankMobile asking you to set up how you will get paid. You can give your own personal checking/savings account information to BankMobile, but it will take a couple days processing. The payment will then be deposited into your account. **If funds are owed to either Foothill or De Anza College, they will be processed first and the remaining balance will be distributed.** Payments are generally credited to your account approximately 1-2 weeks after the hours have been submitted to Financial Aid.

More information can be found at <https://bankmobiledisbursements.com/refundchoicessso/> Since internship wages are considered as scholarship awards, it's a non-taxable transaction and is not considered taxable income! However, any money you owe to the school in the form of unpaid tuition will be deducted first.

The intern would research these subjects using the Museum resources, do the writing and select appropriate photographs to accompany the Facebook articles. These articles would be used on Facebook and for educational purposes and become part of the family files maintained by the Museum. Additional opportunities might be arranged for work on displays and community outreach as time and interest allowed.

Representative Duties

- Examine and evaluate artifacts and verify their condition and location, noting missing and damaged items
- Reconciling artifact location with artifact records, including some input into the Past Perfect database
- Compiling lists of artifacts for Collection Committee review and deaccession
- Past Perfect and Excel database research; training provided as needed
- Researching and writing short essays on historical personages for online publication and school programs
- Depending on length of service, opportunities for display planning and creation, visitor and museum tour interaction

Preferred Qualifications

Candidate should have good attention to details. Ability to take direction, work independently and with co-workers & patrons. Prefer a minimum of 6 hours/week or more.

Requirements

Must submit a volunteer application, pass a Department of Justice background check, register with the City of Gilroy as a volunteer, and submit proof of Covid-19 vaccination. Must be able and willing to wear a mask while working, if required. The City of Gilroy pays for the background check.

Human Resources Department – Internship Program
National Public Radio
123 Government Street
Washington, DC 20301

Dear Internship Coordinator,

I am very interested in the internship with the Communications/Public and Media Relations Department during the Spring Quarter. I am a Junior at the University of California, Davis, pursuing a bachelor's degree in American Studies with a minor in Communication. My research experience has sparked my interest in the way that media is delivered through marketing and advertising. I believe in the mission of National Public Radio and would be excited to be an intern with your organization.

This summer while studying abroad I was able to look at American culture from a different perspective. This has increased my interest in news delivery and how it helps to inform citizens. I was the only freshman to be elected to the position of Senator for the Associated Students of UC Davis, and rose to the challenge of representing first-year students while collaborating on larger university issues. Through these experiences I learned the value of effective communication through all forms of media.

I am confident that my experiences, skills and strong interests in the goals of NPR have prepared me to be a strong intern for your program. I have attached my resume and look forward to discussing my qualifications with you. Thank you for your time and consideration.

Sincerely,

Josie Beech
